Mr. E. P. Lovejoy, a large dealer in general merchandise, and editor of the Wabuska Mangler, at Wabuska, Nevada says: "I have tried St. Patrick's Pills and can truthfully say they are the best I have ever taken or known used." As a pleasant physic or for disorders of the liver they will always give perfect satisfaction. For sale by G. C. Thaxter.

Change is one of the irresistible laws of nature, and fortunately the change is almost invariably for the better. As an instance of this, St. Patrick's Pills are fast taking the place of the old harsh and violent cathartics, because they are milder and produce a pleasanter effect, besides they are much more beneficial in removing morbid matter from the system and prevent ague and other malarious diseases. As a cathartic and liver pill they are almost perfect. For sale by Geo. C. Thaxter.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

FROM THE STATE FAIR.

Fine Sport at the State Fair Grounds.

THE LADIES' MILE DASH THE BEST FEATURE OF THE DAY.

The Balloon Ascension--Winters' Spread--The Racing--Prince Wins a Pace in 2:27.

RENO, October 2d. TO THE MORNING APPEAL.—The attendance at the Fair gathers in volume, and the indications are already sufficient to show that the Association will have a healthy balance. The first and second days' attendance have been larger this year than ever before.

It is easy to see that the more accessible the grounds the larger will be the crowd.

The pavilion is about twice as good as last year. Last year, as everyone knew, was a failure from more than one standpoint, and the Renoites, realizing how complete a failure it was, have put their best foot forward this year and redeemed its reputation. The upper hall is handsomely decorated, and each county is designated by a blue silk banner bearing the name of the county in gold letters.

Ormsby is the first one that greets the eye at the head of the stairs.

The display of Nevada produce is an eye opener and shows what can be done here in the way of perfect fruit, grain and vegetables. The Experimental Station has a very attractive exhibit, and one that people spend hours in studying. It is the first attempt ever made in Nevada to scientifically classify our products.

WIND MILLS.

Louis Stevenson is working hard to impress on the minds of everybody what can be done in Nevada with wind mills. He has the Cyclone mill and pumps in the lower hall, and an immense tank of redwood to show how easily and cheaply the cattle of Nevada can be watered in the dry season.

There is hardly a spot in the State where water cannot be found 15 feet below the surface. An ordinary well, with a wind mill to pump it, yield 10,000 gallons a day, and owners of stock cattle who will utilize this power will save the price of the milk ten times over in one year in the improved condition of their cattle, to say nothing of the saving of hundreds of poor beasts which die of thirst because their owners have neither the sense nor the enterprise to lift water less than twenty feet to save them.

In the valley of the Sacramento thousands of acres of land are irrigated by wind mills alone, and the owners of the land are getting rich out of wind power, over which there is no law suits or disputed ownership.

Yet, until of late years, it has been hard to sell wind mills in Nevada, where millions of dollars worth of wind and water is going to waste every year.

ORMSBY COUNTY.

Of course Ormsby county has its usual good showing at the Pavilion. It always comes out strong in the art and needle work department. No one thinks of competing with the ladies of Carson when it comes to skill with the needle, which denotes the higher civilization among the fair sex.

Carson artists are well to the front this year, although its art department, taken altogether, really don't amount to much. Art departments at fairs never do; even in San Francisco the exhibition is way below par.

It will be a long time before Nevada can produce oil paintings equal to her spuds and grain.

Brad Moor, the famous honey man has a fine exhibit of honey and he probably knows more of the habits and peculiarities of the bee than any man in the State.

He says that the flowers of Nevada are fine honey producers and that the climate is naturally adapted to the bee.

That his product is A No. 1 is evinced in the fact that he sends his honey to New York, Ohio and

California where he takes first premium at the fairs. He will probably take his exhibit to Carson. Bee culture ought to be more studied in Nevada.

They work all Summer and find their own feed; a good recommendation for any sort of an animal.

THE CARSON RACE.

The Carson race created a good deal of sport, excitement and rough talk. I believe the best horse won, but there was a good deal of jockeying and funny business that the judges ought to have checked.

Snow Slide's victory was a well deserved one, for he trotted squarely all the way through the heats and never made a break.

Moon light heats are, however, always productive of bad feeling and should be avoided.

A SHORT CAMPAIGN.

I was talking with Hon. Tom Fitch yesterday and he asked if the next campaign would be short or long. I was unable to enlighten him, when he remarked, "A short campaign would be best, none of the candidates have enough money or character for a long campaign."

THE BALLOON ASCENSION.

At 10:30 yesterday morning the balloon ascension took place.

Prof. Pierce went up in a hot air balloon about 1000 feet and dropped with a parachute, safely to the ground.

The exhibition did not last over two minutes, yet it thrilled and pleased the crowd, and they got their money's worth even though the aeronaut did not break his neck. He will do the same act at Carson and is quite likely to break his neck.

THE LADIES' TOURNAMENT.

Was the main attraction of Wednesday's sport. The entries were Miss Kemler of Paradise, Miss Allen of Churchill, the Misses Winters and Mrs. Elliott of Reno. Miss Kemler caught the eye of the crowd by her faultless riding, her trim figure and correct costume.

After showing their paces, the ladies, who were all splendid riders, tilted at the rings, and Miss McIntosh tied Miss Kemler.

The windup was a mile dash, which was voted the boss exhibition of the Fair.

At the word "Go!" Miss Kemler dashed to the front but fell back at the turn. On the back stretch the Winters horses overhauled the rest of the field, and then the two sisters fought at the turn for the lead. Nellie was ahead as they rounded into the home stretch and came down neck and neck, plying the whip on their horses' shoulders as if a thousand were at stake.

The crowd rose in the grand stand and began to shout, the ladies being of all the most excited. As they shot under the wire, Nellie's horse led by a nose, and it was the opinion of a good many that the girls were playing for a dead heat so as to have another dash.

"Just look at 'em come in," said a man who had bet on the winner; "Those are the gals to bet money on. Did ye see 'em jockey at the start? I tell ye' it's in the blood with the whole Winters' family."

PACING.

Sam Lewis, Prince and Frenchy were entered for the pacing race. Prince took the first heat in 2:27, Frenchy distanced. Prince captured the next two heats and race.

The 2:37 trot brought out Alpha, Ouida S. Dinan, Nevada, Rosa M. Ouida won in three straight heats. Best time 2:35.

THEO. WINTERS' SPREAD.

In the afternoon Theo. Winters received a dispatch that his running horse El Rio Rey had won another race and picked up about \$14,000.

He at once secured a room in the pavilion and opened a spread of cold chicken and champagne. I have just left the banquet board and can only remark that the place was crowded and the champagne corks fell in a shower. The floor was slippery with champagne and the debris of chicken bones was ankle deep. Ormsby was very well represented and we all worked hard to make the spread a success. Winters was called on to speak, but was too bashful to respond.

If a number of Carson people fail to reach home for a few days,

charge it to the Winters' spread.

THE 2:20 TROT.

Victor, Little Hope, and Edwin C., were billed for 2:20 trot. Edwin C. won 2 straight heats, and broke in the third, which he would have made in 2:15, had he not broke when almost under the wire and come to a stand still, an old trick of his in races, and Victor took the heat. Edwin C. won the fourth heat in 2:37½, winning the race.

S. D.

WILL PROBABLY CLOSE—As the State Militia will have a review on Friday, at the State Fair, it seems to be the general idea that Carson should suspend business on that day and attend the Fair in a body escorted by a brass band, and give the Reno Fair a big boost. Reno can then reciprocate by coming over to the District Fair.

"Carson Day" at the State Fair has always been a big day at the Reno track, and Reno has always returned the compliment, thereby causing a friendly feeling between the two towns.

A BASE HIT.—Of Sunday's ball game, the Enterprise has the following to say of Umpire Matt Brannan:

"In his efforts to do perfect justice, etc., he did not see Nulty of the Carson club pack the second base half way to third."

Perhaps not, but he did see that "Little Boy" Crotty kick the cushion half way to the right-fielder.

ATTENTION WHEELMEN—The members of the Carson Wheelmen are hereby ordered to report in uniform at the V. & T. R. R. Depot, at 9 A. M., Friday, October 4th, with wheels to participate in a club run at Reno.

Respectfully,
J. E. Ryan, Captain.

MARRIED—In this city, Oct., 2nd 1889, by the Rev. Geo. R. Davis, Grant Hawthorne to Miss Belle Laswell, both of this city.

The APPEAL has turned volume thirty-five.

At present indications more stalls will have to be built at the race track.

It is reported that Tom Alley will play with the Amateurs Fair week.

The Warren Juniors are rapidly selling tickets for their dance on the 12th.

A bicycle track is being talked of, to be laid out at the race track around the baseball diamond.

A. E. Cheney, Harry Rives and W. E. F. Deal all prominent lawyers of the State were in Carson yesterday.

PIANO TUNING—Frederick Zech is now in the city attending to the piano tuning formerly attended to by his brother, and will be found at Charles Friend's until further notice, where he is prepared to receive all orders, which will be promptly attended to. s22

What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. HARK.

Be f, Lamb, Mutton, Veal, Sausage, Etc]

My facilities for purchasing good beef are second to none in the State, and customers can always be assured of the best in the market. This market was the first city to introduce the cold storage process, by which meats can be kept a week in the hottest weather. Our cold storage room is the largest and most perfect in the State.
